ALIEN ENEMY ARREST REGISTER
ALIEN ENEMY CONTROL

Reference is made to your memorandum dated January 12, 1945, enclosing copies of the Permanent Arrest Registers compiled in your field division. In this memorandum you point out that a correction has been made in the list of Germans arrested which reflects a total of 39 German aliens arrested by the San Antonio Field Division and two American citizens of German nationality as having been apprehended by the San Antonio Field Division.

For your information the Bureau maintains a 3 x 5 card index of each alien enemy and American citizen of an enemy nationality apprehended by each field division. On this 3 x 5 card, among other things, is the original Arrest Register number assigned to each individual apprehended under the Alien Enemy Control Program by your field division. By submitting a corrected Permanent Arrest Register form and assigning all German aliens consecutive Arrest Register numbers from one to thirty-nine and assigning the two American citizens of German nationality Arrest Register numbers on a separate Arrest Register form, you have neither followed the previous instructions contained in the Manual nor have you been content to accept the copy of the Permanent Arrest Register which was recently transmitted to you by the Bureau.

You will, therefore, destroy the enclosed copies of your Permanent Arrest Register and resubmit a copy of the Arrest Register recently transmitted to you with the proper Arrest Register numbers assigned to the German enemy aliens and the American citizens of German nationality.

ALIEN ENEMY ARREST REGISTER
SAN ANTONIO FIELD DIVISION
ALIEN ENEMY CONTROL

Reference is made to your memoranda dated April 1, and May 10, 1944, in which you submitted information reflecting the apprehensions of alien enemies by your Field Division since December 7, 1941.

Your attention is directed to the second paragraph of your memorandum dated May 10, in which you advise that no arrest register numbers were assigned to American citizens having been apprehended by your Field Division.

Your attention is further directed to your memorandum dated April 1, 1944, which enclosed alien enemy arrest register recapitulations for your Field Division. A review of the enclosed recapitulation Field Division arrest register reflects that two American citizens of German nationality, Carl Wiechert and Lilli Wiechert, who were apprehended by your Field Division on February 25, 1942, and released on February 25, 1942, were assigned arrest register numbers G-19 and G-20.

Your attention is again directed to the second paragraph of your memorandum dated May 10, in which you state that the last arrest register number assigned on the German arrest register is G-41. It is, therefore, apparent in your quarterly recapitulation letter that you are including in your forty-one arrests of aliens the American citizens previously referred to.

The above discrepancies are called to your attention in order that your report of October 1, 1944, will include the correct number of alien apprehensions as well as the proper number of apprehensions of American citizens of German nationality.

RE: Field Division Arrest Register
Alien Enemy Control
Bureau File No. 100-2-49

Dear Sir:

Reference is made to Bureau communication dated April 20, 1944, which referred to San Antonio Field Division communication dated April 1, 1944, wherein the San Antonio Field Division submitted to the Bureau the Alien Enemy Arrest Register recapitulation for the San Antonio Field Division for the quarter ending April 4, 1944. The San Antonio letter set forth that the San Antonio Field Division had arrested a total of 41 German aliens, 18 Italian aliens, and 9 Japanese aliens. The letter reflected that two American citizens of German extraction had been arrested. The Bureau requests to be advised of the names and date of apprehension of those aliens or citizens who were assigned Arrest Register Numbers G-41, 42, and 43, and in the case of the Italians, the name of the Italian and the date of apprehension who was assigned Arrest Register Number I-18.

The Bureau is respectfully advised that no arrest numbers were assigned to the American citizens who have been arrested. MAX HERMANN KEILBAR who was arrested on December 11, 1943, and later released was assigned San Antonio Field Division Arrest Register No. G-41. This is the last arrest number reflected by the Arrest Register of the San Antonio Field Division for German aliens.

FRANCISCO MUNNO alias CICCIO MUNNO was arrested on March 27, 1943, as a dangerous Italian alien and assigned San Antonio Arrest No. I-18

Since as reflected by the letter of reference the Bureau files indicate only a total of 38 German aliens arrested, a total of 17 Italians arrested, and a total of 9 Japanese arrested, and the San Antonio Arrest Register reflects a total of 41 German aliens arrested, a total of 18 Italian aliens arrested, and 9 Japanese aliens arrested, there is being enclosed herewith one copy of the Arrest Register of the San Antonio Field Division for German, Italian, and Japanese aliens.

Dear Sir:

Reference is made to Bureau letter dated July 17, 1944 referring to the quarterly recapitulation of the arrest register forwarded to the Bureau by the San Antonio Office for the quarter ending July 4, 1944.

It is noted that the Bureau indices reflect the apprehension of only 39 German aliens and 2 American citizens of German nationality had been apprehended in this field division. Apparently the Bureau has failed to record on its record the apprehension of the following German Aliens:

SA Elich called from San Antonio at the above time relative to the search of internees en route to the United States from Guatemala who are supposed to arrive in San Antonio today and are said to be carrying money in the jackets they are wearing. He stated that Immigration and Naturalization Service and Customs apparently are going to conduct the search of these individuals upon their arrival at the field there because of some indication that some of the internees might not go on to the temporary detention camp. He advised that Mr. Acers had indicated Bureau Agents would have somewhat of an observer capacity in connection with these searches.

I told Mr. Elich that it was my understanding that instead of searching them at the border, they had made arrangements whereby the internees would not be able to contact or communicate with anyone until they got to that camp so the San Antonio Office would make arrangements at the camp to see that they got a complete and thorough search there.

Such searches will be made at the field by INS and Customs at the time of arrival with the assistance of several Agents of the San Antonio Office acting in the capacity of observers, and the Agents will be there in the event anything suspicious is found in which case they will take over.

I told Mr. Elich to let us know when they arrive, the results of the searches, etc.

Respectfully,

J. K. Mumford

Re: GIULIO MEUCCI, Enemy Alien for

ALIEN ENEMY CONTROL

Dear Sir:

Reference is made to your letter of June 15, 1942, where to there was attached two copies each of three lists received from the Immigration & Naturalization Service, reflecting the names of German, Italian and Japanese citizens residing in this country for whom deportation warrants are outstanding. The Italian list reflected the name of the above alien and that his last known address was in care of the Immigration & Naturalization Service, San Antonio.

This office contacted the Immigration & Naturalization Service, San Antonio, Texas, and from their file learned that the above alien's last known address was Sabine, Texas.

Inasmuch as this alien is residing in the Houston Field Division, I am submitting the following information obtained from the file of the Immigration & Naturalization Service on the above alien. The file of the Immigration & Naturalization Service reflected that the above alien arrived in the United States at Port of Norfolk, Virginia on February 3, 1916 on Crew List Sheet No. 1, Line #16, Vessel IT.SS. "CARLO", from Genoa, Italy, reported on Form #516, dated at Norfolk, Virginia on February 11, 1916, as deserting seaman.

In report by J. C. BURGET, Immigration Inspector, Galveston, Texas, dated February 3, 1938, it is stated that subject lived at Galveston since 1919; that for the most part of that period he lived at 2701 Avenue E, which was a tavern owned in partnership by MEUCCI and a Mr. SAM AMELIO. The report of J. C. BURGET also reflects that the above alien produced Italian birth certificate showing that the above alien was born December 8, 1898, Levarno, Italy, as son of ALDERDIO and BETTI FRANCESCA.

Since there is no investigation in the San Antonio Division, this case is being considered closed.

HANS ACKERMANN, Taylor, Texas. ACKERMANN is co-owner of the "Texas Herald" a German language newspaper at Taylor, Texas, which has indulged in a relentless campaign in behalf of Nazi Germany and has urged disloyalty to the United States. The June, 1938 issue of "Deutschum in Ausland" published in Stuttgart, Germany, sets out that the "Texas Herald" was the only German language paper in Texas listed as a "defender of the 3rd Reich".

CARL BIEBERS, 321 Thelma Drive, San Antonio, Texas, member of the firm of KARBACH, BIEBERS and Company, cotton brokers, 601-604 Frost National Bank Building, San Antonio, Texas. In addition to being a cotton broker, BIEBERS is second Vice-Grand President and field organizer of the HERMANN SONS Lodge, San Antonio. He is close friend of E. VON SPIEGEL, German Consul at New Orleans, Louisiana. From 1932 to 1938 BIEBERS visited Germany each year. In 1939 he did not go but sent one of his sons. It is known that in May, 1936, F. W. SCHROTER, Director of the DEUTSCHES VOLKS-GEZEINSCHAFT in Mexico, addressed a letter to BIEBERS as HERMAN KONSUL, San Antonio, Texas.

Re: ALIEN ENEMY APPREHENSIONS

Dear Sir:

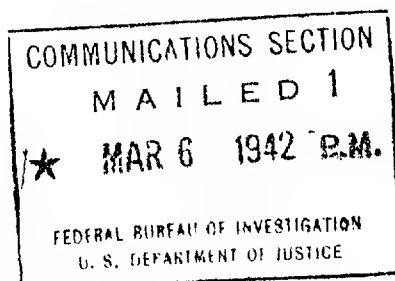

Reference is made to your letter of February 25, 1942, in which you suggested that notes of appreciation be forwarded to the various police organizations who assisted in the searches of alien premises recently conducted by your office.

The Bureau is of the opinion that these letters should not be written at the Bureau, but that letters from your office to these organizations would suffice.

7 Germans and 2 Japs Held in S. A. Area as Alien Foes

M. W. Acers, acting special agent in charge of the San Antonio division of the Federal Bureau of Investigation, declared here today that seven Germans and two Japanese who are alien enemies to the United States have been arrested in the San Antonio area.

Acers, speaking for J. Edgar Hoover, director of the F.B.I., stated that the enemy aliens were taken into custody since the outbreak of hostilities between this country and Japan.

Special F.B.I. agents accompanied by local and county peace officers made the arrests throughout this district which includes 60 counties.

Acers said that the roundup was for internal security and to place the aliens in custodial detention.

Those taken into custody have

been turned over to the U. S. Immigration and Naturalization authorities and will be held indefinitely, Acers said.

The F.B.I. head for this area said that San Antonio, Bexar County and other officers aiding in rounding up the Germans and Japanese have done excellent work, co-operating to the fullest.

War Vet and Jap Are Jailed Here for FBI Agents

Being held in the city and county jails today pending investigation by the Federal Bureau of Investigation were two men, one, a Japanese, arrested at a local bus terminal by immigration officers, and the other, a war veteran, taken into custody by civilian guards at Duncan Field.

Immigration authorities picked up a 49-year-old Japanese at the bus terminal and placed him in the city jail. The man told officers he was from Minneapolis, Minn., and was returning there after having been here four weeks.

Civilian guards at Duncan Field picked up a man near the field about 6 p. m. and turned him over to deputy sheriffs to be held for the F.B.I. The guards told deputy sheriffs they noticed the man prowling near the fence of the field along the I-G-N tracks. The man then got in conversation with several other men, and was reported by the guards to be criticizing the United States government when he was arrested for investigation.

Desk Sgt. William Mussey of the county jail said the man told him he had no home but was born in Connecticut of French-Canadian parents. Mussey reported the man admitted having been arrested more than a hundred times on minor charges.

Special Agent Acers called from San Antonio tonight and inquired as to the specific instructions of the Department of Immigration and Naturalization with respect to taking over those individuals taken into custodial detention away from a Coast Guard station of Immigration and Naturalization.

Agent Acers explained that two members of the Immigration and Naturalization had accompanied the Special Agents when taking into custody a woman of approximately 73 or 75 years of age at Laco, Texas, approximately 30 miles from San Antonio. It appears that this individual has arthritis and does not want to travel by automobile.

The members of the Immigration and Naturalization were accompanying the Agents to Laco for the specific purpose of taking charge of the individuals to be picked up at that place, but, according to Agent Acers, now the District Director, Galen, who apparently is not very cooperative, takes the attitude that he does not want the responsibility of these individuals until they are brought back to San Antonio. Mr. Acers stated that they are now in custody of Special Agents and would like to know if the Bureau advised hiring a matron to bring the woman to San Antonio, inasmuch as it will be necessary to transport these individuals for as much as 30 miles. I advised Mr. Acers to have the Agents pay their fare and claim reimbursement on their expense account.

Re: INTERNAL SECURITY - F
Custodial Detention

Dear Sir:

Reference is made to Bureau teletype of September 28, 1942. A review of the files of the Phoenix Office has disclosed that there are no persons in the Phoenix Field Division of French nationality or sympathy who might be considered as dangerous to the United States in the event of an emergency between this country and France.

By way of explanation of the above, it is to be noted that there are approximately 250 persons of French birth residing in the State of Arizona. They are widely separated throughout the entire State. The majority of these persons are engaged in the sheep raising industry and a good number of the women are married to Veterans of World War I. No French organizations are in existence in the State of Arizona.

Japs Lack Fifth Column Here

THE MOST amazing thing that has happened in the war to date is the completely effective manner in which the federal government has handled the alien problem, particularly the thousands of Japanese in the vital western states area.

Too much credit cannot be given the war and justice departments for their work. Before Pearl Harbor, we heard much and read more about "fifth column" activities in this country. That effective enemy activity has been of great value to the Axis powers everywhere in the world except in this country.

That the Japanese had elaborate plans for sabotage on our West Coast, is undenied, but whatever their plans, they never had an opportunity to put them into effect. There have been some isolated incidents of "fifth column" activity by the Japanese, but nothing on the grand scale planned by the enemy.

The reason for the Japs failure to carry through on their plans, of course, was the speedy manner in which all Japanese, both alien and citizen, were rounded up and evacuated out of the vital military areas.

If the Japs should attempt an attack in force on any point along the coast, they would receive no assistance from Japanese residents, for there just aren't any left remaining anywhere where they could be of assistance.

All other suspected dangerous aliens, German and Italian, have likewise been rounded up and hundreds of agents of the Federal Bureau of Investigation are continuing the search for others.

FBI CLEARS UP ALIEN PROBLEM

**Ninety-three Foreigners
Arrested in This Area
For Violations**

With Japanese aliens in concentration camps and Germans and Italians "present or accounted for," the enemy alien problem in this vicinity has reduced itself to an occasional incident involving a violation of some regulation governing the conduct of aliens in the area, it was reported at the local office of the FBI yesterday.

From the main office in Phoenix, H. R. Duffey, special agent in charge, disclosed that since the inception of the order requiring enemy aliens to turn in certain articles, 27 Italians, 32 Japs, and 34 Germans have been arrested in Arizona for failure to do so.

Figures on the contraband confiscated through these arrests were available only up to March 23, but covered the bulk of the cases. The list includes two motion picture cameras, 26 still cameras, 15 shotguns, 15 rifles, six revolvers, 50 shotgun shells, 771 rifle cartridges, 108 rounds of revolver ammunition, three pairs of binoculars, one telescope, five hunting knives, one bayonet, 110 sticks of dynamite, 45 dynamite caps, ten short-wave radio receivers, 14 flashlights, one sword cane, one machete, and one pair of "knucks."

Regulations Strict

Regulations require that all Japanese be evacuated from military zone "A", in which Tucson falls, and that other enemy aliens who have satisfied officials that they are not subject to internment as dangerous to the national safety are placed under restrictions.

In Arizona, starting at the eastern state boundary, everything is in zone "A" south of highway 80 to Benson, south of highway 80 from Benson to Tucson, west of the eastern city limits and south of the northern city limits, south of highway 84 to Casa Grande and Gila Bend, south of highway 80 from Gila Bend to Hassayampa, south of the road from Hassayampa to Salome, and south of highway 70 to the California-Arizona border.

(TUCSON) ARIZONA DAILY STAR

German and Italian aliens in this area cannot leave it without authorization of the United States attorney's office, are required to be in their homes from 8 p. m. to 6 a. m., must stay within a five-mile radius of their homes and are permitted to circulate about only from their homes to places of employment and return. These are the principal restrictions. All of them, along with a number of minor ones, are issued by the Western Defense Command.

FBI Responsible

Enforcement is the job of the FBI, which takes cases of violations to the U. S. attorney's office, which may send the cases for hearing before the Alien Enemy Hearing Board. The recommendations of this board are passed upon for final

decision by the department of justice.

In certain instances, the restrictions imposed upon "enemy" aliens are relaxed, as in the cases of aliens who have sons or husbands killed in active military service since Pearl Harbor, those dependent upon men who are in active service, those whose final naturalization was pending before Pearl Harbor, and those in hospitals, orphanages, and institutions.

Aliens over 70 years of age also are entitled to certain relaxations of restrictions, but these require the approval of army authorities.

The U. S. employment service here has been made agent for the Wartime Civilian Control Administration to handle the alien's individual problems, such as finding work and, in some instances, initiating petitions for individual relaxation of restrictions.

No statistics are available here as to the number of enemy aliens actually present in this area.
